appearing in a recent issue of Pravda in which there is jestful comparison of BANDERA's status with that of George Washington, Friedrich, Garibaldi, and other national heroes.

b. An 82-page brochure by the new member of the Mikhailov Committee, Smolyeh. ABCAPELIN-1 received his copy in the mail shortly before he made this RV.

His comments were that it does not appear that the Soviets are diminishing their campaign against the emigration, especially the OUN, and that the Mikhailov Committee continues to use his address which he intentionally provided incorrectly to UNRada whose card files were stolen about 1 1/2 years ago. (CO Comments: Possibly significant is a hand-written mimeographed note which accompanied the SMOLYCH brochure. A guess once again is hazarded that the handwriting is very similar to the handwriting found in SW messages sent by the RIS to [REDACTED]. This material will be forwarded separately for analysis.)

9. ABCAPELIN-1 Personal: ABCAPELIN-1 asked for permission to take a two-week vacation within the next two months. This time he will go to Italy and/or Greece. He was told that his request will be coordinated with the bureau which undoubtedly will consent to his request.

will the bureau pay for it??
